**Chapter-2(The Turning Point)**

**Summary:**

In this story, Kalam has told how his life has changed by adopting the education given by his teacher named Shri Siva Subramania Iyer. All the students loved to attend his class because he used to teach lesson in theory as well as in practical and he always encouraged his students to ask questions.

One day he drew a diagram of a bird in flight and explained how it changes direction while flying. Many students said that they had not understood the concept of bird's flight including Kalam. So, the teacher took the whole class to the seashore to make them understand the principles of flight.

The teacher's advice and the lesson of flight of birds gave him his mission for life. He took physics in college, studied Aeronautical Engineering. He became a rocket engineer and technologist.

The teacher's lesson on bird's flight had proved to be a turning point in his life.
